However, the carrier with respect to all international transportation, as defined in the said Convention, performed by it, agrees that the limit of liability for each passenger for death or wounding or other personal injury shall be limited to proven damages not to exceed the sum of SDR 100,000 exclusive of legal fees and cost.
- **For travel governed by either the Montreal Convention or the Warsaw Convention**
 - Nothing herein shall be deemed to affect the rights and liabilities of the carrier with regard to any person who has willfully caused damage which resulted in death, wounding, or other bodily injury of a passenger.

RULE 10: LIMITATION OF LIABILITY – BAGGAGE, GOODS, AND EXCESS VALUATION CHARGES

- **For travel governed by the Montreal Convention**
 - For the purpose of international carriage governed by the Montreal Convention, the liability rules set out in the Montreal Convention are fully incorporated herein and shall supersede and prevail over any provisions of this tariff which may be inconsistent with those rules.

NOTE: Notwithstanding the normal carrier liability, as contained in this Rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid.*See Rule 6 (c) (F) (This is applicable to aircrafts WITH 30 OR MORE PASSENGER SEATS).

- **For travel governed by the Warsaw Convention**
 - Carrier liability for the loss of, damage to or delay in the delivery of any personal property, including baggage which are carried as checked baggage and goods, is limited to the sum of 250 francs per kilogram, unless the passenger or charterer, at the time of presenting such baggage or goods for transportation, has declared a higher value and paid an additional charge in accordance with the provisions of this Rule.

For explanation of abbreviations, reference marks, and symbols; see Page 5

- Regarding objects of which the passenger takes charge himself/herself the liability of the carrier is limited to 5,000 francs per passenger.

NOTE: Notwithstanding the normal carrier liability, as contained in this Rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid. * See Rule 6 (c) (F). (This is applicable to aircrafts WITH 30 OR MORE PASSENGER SEATS).

- In the case of loss, damage or delay of part of property carried as checked baggage, the weight to be taken into consideration in determining the amount to which the carrier's liability is limited shall be only the total weight of the property lost, damaged or delayed. Nevertheless, when the loss, damage or delay of a part of the property affects the value of other property covered by the same baggage check, the total weight of the property covered by the baggage check shall also be taken into consideration in determining the limit of liability.
- The monetary unit referred to in this Rule shall be deemed to refer to the gold franc referred to in the Carriage by Air Act, R.S., c. C-26. For the purpose of settlement of claims and in the event of an action against the carrier, any sum in francs shall be converted into Canadian dollars by:
 - a) Converting francs into Special Drawing Rights at the rate of one Special Drawing Right for 15.075 francs
 - b) Converting Special Drawing Rights into Canadian dollars at the rate established by the International Monetary Fund.
- The rate of exchange for converting Special Drawing Rights into Canadian dollars shall be the rate prevailing on the date on which the amount of any damage to be paid by the carrier is ascertained by a court or, in the event a settlement is agreed between carrier and claimant, on the date settlement is agreed.

NOTE: At the time of filing of this tariff provision, 250 francs convert to approximately CAD \$33.00 and 5,000 francs convert to approximately CAD \$660.00. These converted values are provided for general reference only. Carrier's liability will be calculated for each claim individually, based on the formula set out in this Rule.

- **For travel governed by either the Montreal Convention or the Warsaw Convention**
 - If the passenger or charterer does elect to declare a higher value an additional charge shall be payable and the carrier's liability will not exceed the higher value declared. The additional charge shall be calculated as follows:
 - a) The amount of the carrier's liability calculated in accordance with the parts of this Rule set out above shall be referred to as "basic carrier liability"
 - b) No charge shall be payable on that part of the declared value which does not exceed basic carrier liability

For explanation of abbreviations, reference marks, and symbols; see Page 5
